EDUCATION

Bachelor of Science (Non. Med) - 2020-23

Applied Science's - Marks: 1585/2900

Maharishi Dayanand University

Master's in computer applications - 2023-25

Marks: 7.13 SGPA

Maharishi Dayanand University

PROFESSIONAL SUMMARY

- MCA graduate with a strong foundation in software development and programming concepts
- Familiar with HTML, CSS, JavaScript, DOM manipulation, and Figma for designing and developing responsive user interfaces.
- Basic understanding of version control (Git & GitHub) and collaborative development workflows

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6 basics)
- **Web Development:** HTML5, CSS3
- **Frontend Concepts:** DOM Manipulation, Event Handling
- **Tools & Platforms:** Git, GitHub, Visual Studio Code, FIGMA

PROJECT

RESPONSIVE DEVELOPER PORTFOLIO

- Built a responsive personal portfolio using HTML, CSS and JavaScript.
- Includes About, Skills, Projects and Contact sections.
- Optimized for desktop and mobile devices.

NIKE INSPIRED UI DESIGN (FIGMA)

- Designed a Nike-inspired landing page in Figma with a modern and user-friendly interface.
- Created a responsive layout by focusing on typography, color palette, spacing, and visual hierarchy.
- Utilized Figma features such as Auto Layout, components, and reusable design elements to maintain consistency across the design.

DYNAMIC COLOR SWITCHER

- Built a simple JavaScript project to change the webpage background color.
- Used DOM manipulation and event listeners.
- Improved understanding of JavaScript basics.

ADDITIONAL SKILLS

- Strong problem-solving ability with a structured and logical approach
- Effective communication skills with the ability to explain technical concepts clearly
- Basic understanding of team collaboration and workflow practices
- Quick learner with the ability to adapt to new technologies and tools
